

# Pandaw River Expeditions

EXPEDITION No 4

## THE CHINDWIN: 7 NIGHTS

7 NIGHTS

The loveliest of rivers. In the past we only offered this during the monsoon due to water levels, but now our ultra low draught Pandaws can sail through to February. The river carves its way through mountains and forests and we stop at delightful unspoilt little towns. Our objective, Homalin is the capital of Nagaland and close to the India border. We will ply the Upper Chindwin weekly between Monywa and Homalin. Monywa is under three hours from Mandalay and the car transfer is included with the cruise. Homalin is now connected by scheduled flight with Mandalay.

**Two fabulous itineraries:** The Monywa to Homalin (and vv) itinerary sails from July to August and October to November. We have a revised itinerary from Monywa to Kalewa (and vv) operating December to February.

**Please note** river banks can be steep and walks through villages are on the daily program. Medium fitness is required.

**Late bookings:** please note that Chindwin expeditions need special permits, which can take up to 3 weeks. We kindly ask you to contact us via email or phone for short notice bookings.

**Cruise Price Includes:** One way domestic flight, entrance fees, guide services (English language), gratuities to crew, main meals, local mineral water, jugged coffee, teas & tisanes.

**Cruise Price Excludes:** International flights, port dues (if levied), laundry, all visa costs, fuel surcharges (see terms and conditions), all beverages except local mineral water, jugged coffee, teas & tisanes and tips to tour guides, local guides, bus drivers, boat operators and cyclo drivers.

**PLEASE NOTE:** The itinerary for this expedition is indicative only. As we travel to remote areas, changes to the itinerary will inevitably occur. A flexible approach is required if you book this cruise.

### DAY 3

## CRUISING

---

The river narrows and the forested hills fall away to farmland we pass a number of attractive villages like Kanee where we can stretch our legs.

---

### DAY 4

## MINGKIN

---

Mingkin was rediscovered by Paul Strachan in 1987 and described in some detail in his book *Mandalay: Travels from the Golden City*. It remains for Paul the most art historically interesting site in Myanmar (more so than the now spoilt Pagan) with its Konbaung court style teak monasteries sumptuously decorated. Mingkin may be described as the Luang Prabang of the Chindwin. The gateway town for the Chin State, we explore Kalewa with its markets and quaint wooden architecture.

## DAY 5

# MAWLAIK

---

Morning explore Mawlaik replaced Kindat as the administrative capital but ironically the Myanma refused to move there from upstream Kindat. It was mainly settled with the company houses of the by the Scottish owned and run Bombay Myanmarh Trading Corporation in the 1920s and 1930s. There are many splendid 'Dak Bungalows' set around a verdant golf course. Mawlaik and the other towns of the Upper Chindwin can only be reached by boat so cars are few. There is a dreamy otherworldly quality to such places and truly one feels that one has travelled there in the Pandaw time machine!. Afternoon we pass the mouth of the Yu River which drains the Kubu valley that provided the route for a Lieutenant Grant to march to the relief of the Manipur garrison when the chief commissioner of Assam was massacred in a local rebellion.

## DAY 6

# SITTHAUNG

---

Sitthaung was the final resting place of a number of IFC steamers scuppered there in 1942 in an 'act of denial' from the advancing Japanese who were a matter of hours behind. We hope to find remains of these ships as we have in the past at Katha on the Irrawaddy. It was from here that the survivors of the Japanese invasion marched out to Tamu on the India border. Pantha was an important oil refinery belonging to the Indo-Burma Petroleum Co (Steel Brothers).

## DAY 7

# TOUNGDOOT

---

Toungdoot or Hsawng-hsup in Tai, is an ancient Shan enclave which in British times still had a ruling sawbwa complete with palace and court. It will be interesting to see what has become of the royal family and their home and to see these Shan people so far from their Tai-Shan homelands. On the way to Homalin, the furthest navigable point on the Chindwin for vessels of our size. Alister McCrae wrote of his visit there 1935 'I loved the atmosphere of quiet and peaceful living there. At night I could hear greylag geese as they came in to the flooded land around us from far away north'. Bird in 1897 says little other than that Homalin is the headquarters of a township, but has very little trade'. Until we get there and explore the place there is not much we can say!

## **STATEROOM**

**The Pandaw stateroom is the most celebrated feature of our ships.**

Finished in brass and teak, the main and upper deck rooms are very spacious at 168 square feet (15.6 sqm). Much loved by all our passengers we have ensured that with each ship we build the stateroom remains the same. Our cabins do not have mini-bars, satellite TV's, internet or phones. Pandaw passengers usually want to escape from the tiresome features found in international business hotels.

Many passengers describe life on board a Pandaw more like being a guest on a private motor yacht than a cruise ship. Where we go and what we see is intrepid in extreme. What you come back to is a floating base of discreet comfort, caring service and all the good things one looks for in life. All our cabins have the same size and Pandaw signature amenities. Choose from Main Deck, Upper Deck or Premium Upper Deck (Mekong only).

### **Special to Your Stateroom**

- Fruit and flowers on arrival
- Kimonos and slippers
- Spa-branded amenities
- Unlimited mineral water

# River Conditions Warning!

The rivers you will sail on are subject to seasonal rises and falls of water level, in some places as much as 30 metres. Water levels can change dramatically overnight and a sudden rise can impede our progress upstream considerably and even prevent us from passing under certain bridges. A sudden fall can result in our being unable to get into certain places or go as far upstream as we would hope. Groundings on sandbars are not infrequent and are part of the excitement of any Pandaw expedition. Published itineraries are indicational only and subject to sudden change. In such events alternative itineraries will be provided and we do our best to ensure that if a stop is missed we make up for it with another stop. Passengers are thus forewarned and expected to be flexible and patient. River cruising in Asia can be a dramatic and adventurous experience - not like cruising the controlled waterways of Europe or America. Note also that we operate in areas with little or no developed infrastructure and subject to the strictures of local officialdom. Be prepared for this and it is all more the fun!
