EXPEDITION No 38

## CHINDWIN & NAGALAND 14 NIGHTS

14 NIGHTS

For the first time, sail the entire Chindwin river from Monywa to Nagaland on this limited 14-night combo expedition aboard the 10-cabin Zawgyi Pandaw. Take your time to explore one of the most remote and beautiful regions of Asia as we sail slowly along the Irrawaddy's main tributary, only accessible with ultra-low-draft vessels such as ours. We will visit remote villages, pass through dramatic gorges and breath-taking scenery as well as explore the ancient Nagaland region, famous for its fierce and distinctive Naga Warriors.

**PLEASE NOTE:** The itinerary for this expedition is indicative only and subject to reconnaissance. As we travel to remote areas, changes to the itinerary will inevitably occur. A flexible approach is required if you book this cruise.

There are many splendid 'Dak Bungalows' set around a verdant golf course. Mawlaik and the other towns of the Upper Chindwin can only be reached by boat so cars are few. There is a dreamy otherworldly quality to such places and truly one feels that one has travelled there in the Pandaw time machine!. ## **STATEROOM**

**The Pandaw stateroom is the most celebrated feature of our ships.**

Finished in brass and teak, the main and upper deck rooms are very spacious at 168 square feet (15.6 sqm). Much loved by all our passengers we have ensured that with each ship we build the stateroom remains the same. Our cabins do not have mini-bars, satellite TV's, internet or phones. Pandaw passengers usually want to escape from the tiresome features found in international business hotels.

Many passengers describe life on board a Pandaw more like being a guest on a private motor yacht than a cruise ship. Where we go and what we see is intrepid in extreme. What you come back to is a floating base of discreet comfort, caring service and all the good things one looks for in life. All our cabins have the same size and Pandaw signature amenities. Choose from Main Deck, Upper Deck or Premium Upper Deck (Mekong only).

### **Special to Your Stateroom**

# River Conditions Warning!

The rivers you will sail on are subject to seasonal rises and falls of water level, in some places as much as 30 metres. Water levels can change dramatically overnight and a sudden rise can impede our progress upstream considerably and even prevent us from passing under certain bridges. A sudden fall can result in our being unable to get into certain places or go as far upstream as we would hope. Groundings on sandbars are not infrequent and are part of the excitement of any Pandaw expedition. Published itineraries are indicational only and subject to sudden change. In such events alternative itineraries will be provided and we do our best to ensure that if a stop is missed we make up for it with another stop. Passengers are thus forewarned and expected to be flexible and patient. River cruising in Asia can be a dramatic and adventurous experience - not like cruising the controlled waterways of Europe or America. Note also that we operate in areas with little or no developed infrastructure and subject to the strictures of local officialdom. Be prepared for this and it is all more the fun!
